Türkiye and all European countries, especially Scandinavian countries (Sweden, Norway, Denmark and Finland) are included in our service network.

---

As TransNorden Logistics, our basic services are road and sea transportation. Air transportation is also optionally included in our scope.

We also offer intermodal transportation, domestic transportation, warehouse and warehouse services, minivan transportation, transportation commodity insurance and customs consultancy services.

## ROAD TRANSPORTATION

We offer reliable and fast transportation solutions with effective, fast and competitive prices in land transportation. We organize mutually FTL & LTL transportation services between Türkiye and all European countries, especially Scandinavian countries (Sweden, Norway, Denmark and Finland).

For the road transportations where we act taking into consideration the deadlines, we can carry the freight from every shipment type and deliver it door to door without any damage. Due to our strong distribution network in Europe, we take you one step ahead in competition.

✓ Just-in-Time Delivery

✓ Safe Operation

✓ Competitive Prices

✓ Customer Satisfaction

## AIR TRANSPORTATION

Air transportation is one of the fastest options among all transportation modes. As TransNorden Logistics, we offer reliable and quality air cargo transportation services between Türkiye and any airport in the world.

Contracts with the best airline companies in the world, we provide price and place advantage. We can also provide door-to-door delivery of your cargo after the transportation process.

✓ Super Fast Delivery

✓ Safe Operation

✓ Competitive Prices

✓ Customer Satisfaction

## SEA TRANSPORTATION

Sea transportation is highly preferred transport mode in world commercial transport due to competitive prices and fixed delivery times. As TransNorden Logistics, we offer fast and reliable maritime transport services to every port of the world with our global solution partners. We deliver your FCL and LCL cargoes to the port and to the door with our strong supply chain that we have established from all over the world to Türkiye and from Türkiye to the whole world. At the same time, we offer our customers multiple options in terms of transportation by offering truck + ship, plane + ship and train + ship combined transportation.

- ✓ Just-in-Time Delivery
- ✓ Safe Operation
- ✓ Competitive Prices
- ✓ Customer Satisfaction

## MINIVAN TRANSPORTATION

Minivan transportation is a super-fast road transportation service that allows your loads up to 1,300 kg to be delivered to the address within one to four days, depending on the distance.

Within the scope of our express minivan road transportation service, we deliver your cargo to the specified address on time, completely and without damage, with our large vehicle fleet and worldwide service network.

✓ Super Fast Delivery

✓ Safe Operation

✓ Competitive Prices

✓ Customer Satisfaction

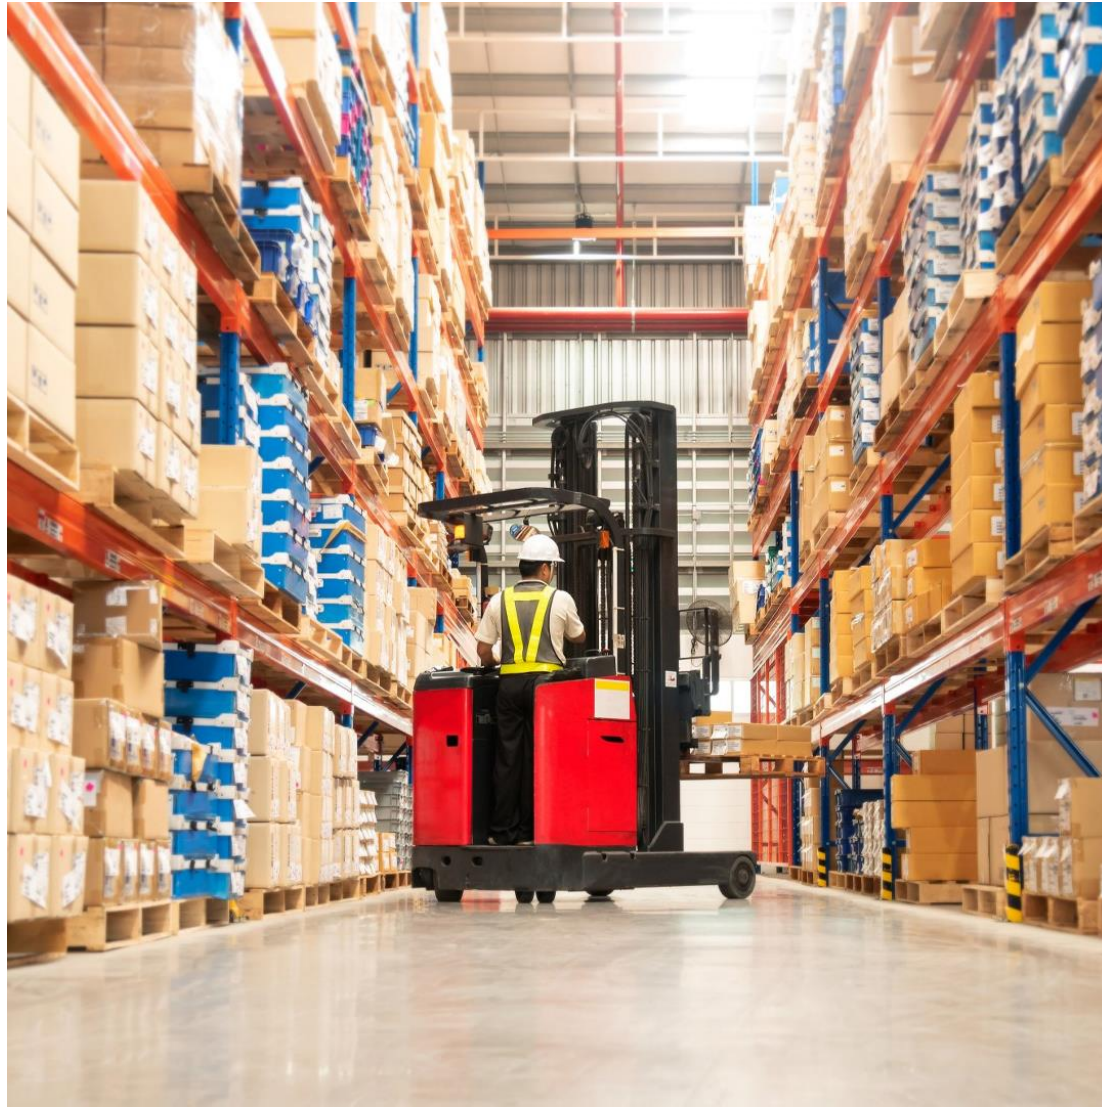

## INTERMODAL TRANSPORTATION

Intermodal transportation is a method of transporting the cargo with more than one transportation model without any action on the cargo while the transportation modes are changed.

As TransNorden Logistics We provide an efficient, timely, low-cost and environmental-friendly process via our intermodal transportation. We provide you enlarge your business with just-in-time deliveries.

- ✓ Just-in-Time Delivery
- ✓ Safe Operation
- ✓ Competitive Prices
- ✓ Customer Satisfaction

## WAREHOUSE & STOREHOUSE

As TransNorden Logistics, we also provide warehouse and storehouse management services with our expert staff and wide service network.

We protect your cargoes in bonded warehouses and include them in the transportation process when necessary. Thanks to the warehouse and storehouse services, your cargoes are protected with high technology conditions.

- ✓ Bonded Storage
- ✓ Non-Bonded Storage
- ✓ Safe Operation
- ✓ Customer Satisfaction

## TRANSPORTATION INSURANCE

Delivering the cargo to its destination on time and under suitable conditions requires great responsibility. For this reason, negative situations that may occur during transportation should not be ignored.

With Transportation Commodity Insurance, we guarantee the damages and losses that your cargo may suffer while being transported from one place to another by means of transportation (road, sea and air).

- ✓ Invoice Price of the Goods
- ✓ Safe Operation
